## **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

Although the prior art of record discloses clearance gaps at opposite ends of the sealing cavity, wherein the converging end portions of the cavity converge to and communicate with the clearance gaps, the prior art of record does not disclose or suggest (in combination with the other recited limitations in amended claims 1 and 18) that the annular sealing member extends at least partially into the clearance gaps at each end of the sealing cavity.

Claims 13-15 and 29-31, directed to the non-elected species, are no longer withdrawn from further consideration since they depend upon or otherwise include each of the limitations of an allowed generic claim as required by 37 CFR 1.141.

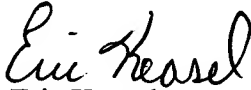

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
